APPENDIX TO THE COOPERATION AGREEMENT BETWEEN THE UNIVERSITY OF CHILE AND THE UNIVERSITY OF MONTREAL

COOPERATION BETWEEN THE NUCLEO MILLENIO COMPLEX ENGINEERING SYSTEMS AND THE CENTRE FOR RESEARCH ON TRANSPORTATION.

In the context of the cooperation agreement existing between the parent universities, the Nucleo Milenio Complex Engineering Systems, based at the Faculty of Physical and Mathematical Sciences of the University of Chile and the Centre for Research on Transportation of the University of Montreal wish to develop and reinforce the links existing between them.

In particular the activities to be carried out under this agreement include:

1. Research interaction, including exchange of visits of both faculty members and graduate students.
2. Developing joint research projects, which will include the possibility of joint grant applications and hosting visitors for short or extended periods to carry out research;
3. Funding to support exchanges will be provided by resources from the Nucleo Milenio, the Center for Research on Transportation and members of each group through personal grants

The duration of this agreement is indefinite, unless one of the parties renounces it, with a 3-month notice.
